

Thank You 50 Cent

Dear 50 Cent,

I Jonathan Strickland would like to thank you on behalf of myself and also of Tomorrow's Aeronautical Museum in Compton Ca. We would like to thank you for all of the help and support that you have given us over the years. Especially for the 100 I pods that were donated to the kids in museum during Christmas time back in 2005. I would like to thank you for helping me to reach my goals by donating \$25,000 dollars to museum. Because of your generous donation I have about four world records under my belt. They are:

- 1. Youngest African American to pilot a helicopter internationally.*
- 2. Only person to solo and airplane and a helicopter on the same day.*
- 3. Only African American to solo a helicopter at the age of fourteen.*
- 4. The youngest African American to pilot a helicopter Roundtrip international.*

Tomorrow's Aeronautical Museum is an inspirational program for the community and it shows people that you can do anything you want to do if you don't lose hope in yourself. And with people like you who help the museum and the community, I would not be surprised if you see this program popping up all across the country, to help the youth to grow up and be successful and positive remodels in our society.

Jonathan
